WASTE CART TIPPERS

Advanced Combustion Systems' CT-Series Waste Cart Tippers are designed and manufactured to work in concert with our RC-Series Automatic Loaders to further enhance the safety and convenience of loading waste into an ACS incinerator. These labor saving units permit the transfer of materials from carts to the loader hopper without the operator having to handle waste. This is especially desirable when infectious or hazardous waste is being destructed. As with all ACS equipment, CT-Series Waste Cart Tippers are engineered for maximum performance and efficiency while always maintaining high reliability with low maintenance.

FEATURES:

- Heavy-Duty all welded construction
 - Electrically controlled and hydraulically actuated
 - User friendly "JOYSTICK" controls
 - Control interlocks with the automatic loader prevents over-charging
 - Modular Design for ease in installation
 - Factory plumbed, wired, painted, and tested prior to shipment
 - Designed and manufactured in the USA
- 5 YEAR "Total Component Warranty"

1. Cart tipper frame 2. Cart tipper waste chute 3. Feedram hopper waste chute 4. Feedram automatic loader 5. Waste Cart

Model Number	Fits Feedram Model	Uses Cart Model	Charge Volume (ft ³)	Approximate Capacity (lbs.)	Approximate Weight (lbs.)
CT-6	RC-6	AWC-05	14	490	2,500
CT-12	RC-12	AWC-10	27	945	3,200
CT-18	RC-18	AWC-15	41	1,230	4,600
CT-24	RC-24	AWC-20	54	1,620	5,200
CT-30	RC-30	AWC-25	68	1,700	5,900
CT-36	RC-36	AWC-30	81	2,025	6,200

Services:

- Installation and start-up services
- Large parts inventory for immediate shipment
- Service and maintenance contracts for all makes
- Rebuilds and modifications to existing incinerators

Advanced Combustion's Engineering and Testing Facilities are available for system design and component selection. ACS can custom design and manufacture burning and control systems to meet any specific application.

ACS, Inc. is your sole source manufacturer for complete incineration systems including waste handling, heat recovery, emission controls and monitoring.
